

# Polish Trade Delegation Visits Zamil Industrial

- The president of the Saudi-Polish Business Council, Marek Gawlik, accompanied by the president of PROJPRZEM S.A., Piotr Babst, paid a visit to Zamil Industrial on August 4 and 5, 2014.

During the visit, the delegates discussed potential areas of cooperation and ways to strengthen economic and trade cooperation between the Saudi companies and Poland. Both groups focused on the goals of improving commercial relations and promoting joint investment projects that will further enhance the business relationship between the two countries.

The visiting delegation was impressed by the advanced level of operations at the Zamil Industrial manufacturing facilities and by the wide variety of products and services provided by the company.

The delegation was received by officials from both Zamil Industrial and Zamil Group, who delivered comprehensive presentations about the company and its various sectors and operations.

The delegation also visited the Zamil Architectural plant and was accompanied by engineers who provided a detailed briefing on the plant's operations and state-of-the-art production equipment.

Later, the visitors proceeded to the factories of the steel and air-conditioning sectors in Dammam First and Second Industrial Cities, where they toured the plants and observed the production lines and manufacturing operations.
